RE: Withdrawal of Protest against Application for Permit No. 63-32703

Dear Applicant(s):

The Department of Water Resources has received withdrawal(s) of protest against the above referenced application, from the following protestants:

- 1) UNITED STATES DEPARTMENT OF INTERIOR
BUREAU OF LAND MANAGEMENT

The department also received an Amended Application for Permit on January 5, 2011 from SPF Water Engineering, although it was expected that these documents come from the attorney of record. There are a few minor issues to be addressed, regarding the amended application received.

- The signature on the amended application appears to be a copy. Please forward the **original** paperwork, showing the **original** signature, at your earliest convenience.
- The zip code for the applicant is listed on the amended application as 85139; however the zip code was previously listed on the original application as 85239. Please confirm the correct zip code for the applicant.

The application does not have any remaining protests; therefore, the department will take the steps necessary to bring the application to a final resolution; upon receipt and clarification of the items listed above.

Please contact this office if you have any questions regarding this procedure.
